

BEETLE & BEAR

Child, Youth, and Family Therapy Network

1822 Danforth Ave, Toronto, ON

WHO ARE WE?

WHY WAS BEETLE & BEAR CREATED?

Our Network aims to facilitate the link between families seeking help and therapists with expertise, diverse skill sets, and availability. We aim to provide care for improving the mental, physical, and emotional health of children, youth, and families. This Network has developed in response to a growing need for connection. The goal is for families, children, and professionals, alike, to find a community of relevant, useful help, with caring, skillful peers and professionals.
